KARTHIKA S

Business Intelligence Analyst

Chennai, India • +91-6382736360 • karthika27sri@gmail.com • Portfolio

PROFESSIONAL SUMMARY

Results-driven **Business Intelligence and Data Analyst** with 3.5+ years of experience designing, developing, and deploying enterprise-grade BI solutions. Proven expertise in end-to-end report development, **Python-based data analysis**, and large-scale migrations from legacy systems to Power BI. Adept at leveraging **Pandas and NumPy** for data manipulation and **Matplotlib/Seaborn** for exploratory data analysis to complement advanced DAX modeling. Delivered 40+ production reports and 150+ test cases with zero escalations.

TECHNICAL SKILLS

BI Tools	Power BI Desktop, Power BI Report Builder, Qlik Sense, SAP BusinessObjects, IBM Cognos
Data & Modelling	DAX (intermediate-advanced), SQL, Data Modelling, Star/Snowflake Schema, Power Query (M)
Visualizations	Heatmap, Radar Chart, Sankey Diagram, Gantt Chart, Drill-down, Drill-through, Matrix Tables
Testing	Proton Testing - Installation, Functional & Performance Test Cases
Cloud & Certs	Microsoft Azure (AZ-900) · Power BI Data Analyst Associate (PL-300) · Power Platform (PL-200)
Programming & Data Analysis	Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn) for data analysis and visualization
Documentation	Functional Spec (FS), Design Spec (DS), FRA, TSP, TRM, TSR
Python Ecosystem	Jupyter Notebook, VS Code, Anaconda, Git/GitHub

PROFESSIONAL EXPERIENCE

Business Intelligence Analyst | Cognizant Technology Solutions, Chennai ***Dec 2022 - Present***

- Developed and delivered 40+ Power BI reports (Desktop & Report Builder) across multiple enterprise migration projects with zero escalations.
- Executed 150+ Proton test cases covering installation, functional, and performance testing, ensuring 100% quality compliance pre-deployment.
- Led end-to-end migrations from Cognos, Qlik Sense, and SAP BusinessObjects to Power BI, covering requirements, development, testing, and user demos.
- Authored complete project documentation including Functional Specifications, Design Specifications, FRA, TSP, TRM, and TSR.
- Developed Python scripts using Pandas to automate data cleaning and validation workflows, reducing manual data preparation time by 25% for enterprise projects.
- Recognized with multiple Cognizant Cheers Awards: Doing the Right Thing, Raising the Bar, and Asset of the Organization.

Key Projects

- **Cognos - Power BI Migration**: Migrated 12+ reports and executed 60+ test cases; maintained full parity with legacy reports.
- **Qlik - Power BI (GDPD):** Built a 2-page Power BI report with advanced conditional formatting to replace Qlik Sense dashboards.
- **AppZen (Built from Scratch):** Designed a full Power BI solution from scratch including drill-down, drill-through, matrix tables, and custom DAX measures and integrated Python (Matplotlib) for specialized statistical outlier detection
- **SAP BO -> Power BI (RMDatalake & Peach):** Delivered 8+ reports with user demos and 60+ test cases for a SAP BO to Power BI migration.
- **GCOT:** Implemented advanced custom visuals: Heatmap, Radar, Sankey, and Gantt charts.
- **Gloria:** Engineered multi-source union logic with search functionality; delivered 30+ test cases and full documentation; utilized Python for automated data reconciliation across disparate sources.

INTERNSHIP

Informatica Intern | Cognizant Technology Solutions, Chennai ***Mar 2022 - Aug 2022***

- Gained hands-on experience with Informatica ETL workflows, data transformation, and enterprise data integration practices.

CERTIFICATIONS

- Microsoft Certified: Power BI Data Analyst Associate (PL-300)
- Microsoft Certified: Power Platform Functional Consultant Associate (PL-200)
- Microsoft Certified: Azure Fundamentals (AZ-900)

ACHIEVEMENTS

- Zero escalations across all client projects throughout 3.5 years of employment.
- Cognizant Cheers Award - Doing the Right Thing: Recognised for ethical delivery and professional integrity.
- Cognizant Cheers Award - Raising the Bar: Recognised for consistently exceeding quality benchmarks.
- Cognizant Cheers Award - Asset of the Organization: Recognised as a high-value contributor.

EDUCATION

B.E. - Computer Science & Engineering | PSNA College of Engineering and Technology *Graduated 2022*
CGPA: 8.6 / 10.0

SOFT SKILLS

• Problem Solving • Stakeholder Communication • Cross-functional Collaboration • Ownership & Accountability • Attention to Detail
